

# Acts 2:42 Community Group Homework

For the week of October 24, 2010

## Getting Started

1. One thing that really encourages me is...

## Into the Bible

Deuteronomy 4:15-31 elaborates on the second commandment. Meditate on these verses for the following questions.

2. How is God described in these verses?
3. How are idols described?
4. What are the consequences of making graven images?
5. Can you think of a time in Israel's history when verses 27-28 were fulfilled?
6. Is it right for God to be a jealous God or is He just egotistical? Explain your answer.

7. In the last fifty years, our society has shifted from a word-driven society (books) to an image-driven society (television). How do you think this has changed our culture? How has this shift influenced the way we think about worship?

8. Pastor Mike gave some examples of how we can be guilty of the second commandment. Think of some more.

9. What do you talk about the most? How is it a reflection of your idolatry?

10. Have you ever seen idol worship being passed down from generation to generation within a family?

11. What about a godly heritage? What can you learn from those families?

12. Which idols in your life are the most fearful to pass on to your kids? What are your plans to change it?

## Prayer Requests

## Application
